

# SETTING UP APPLICATION ENVIRONMENT

## DOCKER CLI INSTALLATION

Date	4 Nov 2022
Team ID	PNT2022TMID15260
Project Name	News Tracker Application

The screenshot shows the Docker Hub website in a web browser. The browser's address bar displays 'hub.docker.com'. The website's header is blue with the Docker Hub logo, a search bar, and navigation links: 'Explore', 'Repositories', 'Organizations', and 'Help'. A user profile icon with the name '10129786432' and a 'Paused' status is visible in the top right. The main content area features a large blue banner with the text 'Welcome to Docker' and 'Download the desktop application'. A button labeled 'Download for Windows' is centered on the banner. Below the banner, it states 'Also available for [Mac](#) and [Linux](#)'. At the bottom, there are three cards: 'Create a Repository' (with a subtext 'Push container images to a repository on Docker Hub.'), 'Docker Hub Basics' (with a subtext 'Watch the guide on how to create and push your first image into a Docker Hub repository.'), and 'Language-Specific Guides' (with a subtext 'Learn how to containerize language-specific applications using Docker.'). The Windows taskbar is visible at the bottom, showing the search bar, task view button, and various application icons. The system tray on the right shows the date and time as '10:10 PM 17-11-2022'.
