

# SETTING UP APPLICATION ENVIRONMENT

## DOCKER CLI INSTALLATION

Date	4 Nov 2022
Team ID	PNT2022TMID26910
Project Name	News Tracker Application

The screenshot shows a web browser window with the Docker Hub website. The browser's address bar shows 'hub.docker.com'. The website has a blue header with the Docker Hub logo, a search bar, and navigation links: 'Explore', 'Repositories', 'Organizations', and 'Help'. A yellow 'Upgrade' button and a user profile icon with the ID '10129786432' are also visible. The main content area features a large blue banner with the text 'Welcome to Docker' and 'Download the desktop application'. Below this is a button labeled 'Download for Windows'. Further down, it says 'Also available for [Mac](#) and [Linux](#)'. At the bottom, there are three cards: 'Create a Repository' (with a subtext 'Push container images to a repository on Docker Hub.'), 'Docker Hub Basics' (with a subtext 'Watch the guide on how to create and push your first image into a Docker Hub repository.'), and 'Language-Specific Guides' (with a subtext 'Learn how to containerize language-specific applications using Docker.'). The Windows taskbar is visible at the bottom, showing the search bar, task view button, and several application icons. The system tray shows the battery level at 43%, temperature at 25°C, and the time as 10:10 PM on 17-11-2022.
